introduce

The Training Suite ©

We would like to welcome everyone to the **The Training Suite** ©. As a part of our ongoing programs we are offering a single ninety minute session that will cover the following:

- History of the Personal Computer
- How the computer works
- Operating systems
- Application software
- How to use the internet

This Intro session will be offered at the introductory price of \$30. This session will be **Free** with the purchase of an annual membership for \$125. During the coming months we will offer three sessions per day on Tuesdays and Thursdays and two sessions on Saturdays.

An All Holdings Group company

After working in corporate America for almost twenty years and then spending the last twelve years as a consultant I have been helping major corporations as well as educational institutions marshal their resources and the focus those resources on effective utilization of technology. In all cases education is key and a vital part of the efforts in both the private and public sectors. We have worked to build a self-contained training facility that can service a broad range of needs. We have focused our energies in making the Training Suite a resource that everyone can take advantage of and work to improve themselves. We have work to create and implement courses that everyone can derive benefits. We look forward to working with everyone and working to meet your needs. We welcome everyone to come down to the TRC and take a look at the Training Suite.

@

Training Suites @ TRC

We have a large spacious training suite equipped with the resources to train ten to fifteen students a one time. Our training suite includes computer based training resource in a variety of application and disciplines. Our training suite can be rented out as a whole for any organization that has a group of people to train. We will also provide customized training classes in a broad range of applications and technology related course offerings. We have listed a brief list of our current courses.

Training Suites @ TRC
